

JAA Australian Jewellery Fair

August 20-22, 2006

sponsored the Australian Jewellery Design Awards

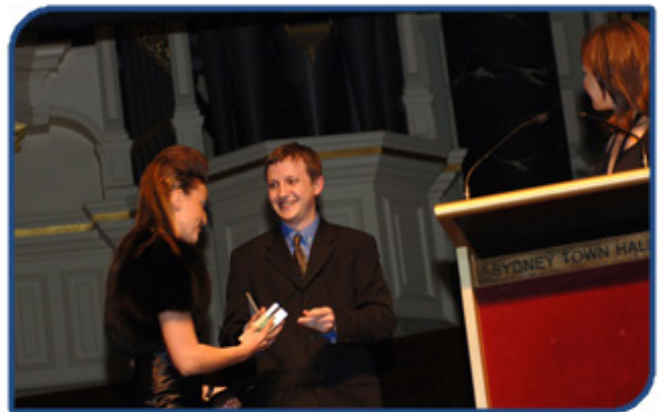

The **Australian Jewellery Fair** is the biggest event of its kind in the Asia Pacific Region. It's the place to buy stunning new designs and classic favourites from all over the world. You will be well prepared for the busy trading season ahead.

Sponsors of the **2006 Computer Aided Design Award, Laser & Sign Technology** are the distributors of **3DESIGN** for Australia and New Zealand. With nearly twenty years experience in the laser and design industries, LST are well placed to provide you with professional, installation, training and support from our factory trained team.

Visit their website at: www.lastech.com.au

3DESIGN allows users to start producing unique pieces and collections in a matter of days, thanks to a pleasant and intuitive interface. Dedicated to jewellers, 3DESIGN has a quick learning curve and is a multi-platform tool developed for PC, Mac and Linux. 3DESIGN is the most advanced software solution for Jewellers on the market.

About VISION NUMERIC:

Established in France in 1988, **Vision numeric's** mission is to bridge the gap between the world of graphic arts and the industrial engraving industry. Marking, identifying and decorating are different needs expressed by professionals. With over 30,000 seats sold worldwide, the **Type3** product family is recognized today by professionals in the Mold & Tools, Sign, Packaging and Jewellery industries as the essential solution, whether they are working in a mechanical, laser, or rapid prototyping environment.
